Berlin, Apr. 29—Mediators have asked the powers to use their influence to ask Wilson to eliminate the requirement in his demands from Mexico that Huerta must go.

Washington, Apr. 30—The Mexican crisis is now entering on issue by the Mediators who advise the Foreign Powers to contemplate a provisional commission form of government for the country.

Vera Cruz, Apr. 30—A new Civil Government has been established in this city by the Officers in charge with Attorney R. J. Kerr of Chicago as Governor, and two other officials. The city is quiet but is completely under control of the American forces.

Chihuahua, Apr. 30—The many recent Constitutional successes among them notably the capture of Monterey yesterday, has induced

a widespread feeling of jubilation. Monterey is one of the greatest railroad centers in northern Mexico and will mean a center of importance to the rebel forces.

Washington, Apr. 30—Secretary of State Bryan denied the rumor that was afoot yesterday to the effect that the Mediators in the Mexican affair had asked the President to agree to an armistice with Mexico.

Vera Cruz, Apr. 30—Word reached here last night to the effect that Huerta is strengthening his forces at Mexico City, having called in several outside posts.

185 Miners Dead In Burning Mine

Eccles, W. Va., Apr. 30—Gas has filled every tunnel in the burning coal mine near here, and a roll call of the employees last night shows that there were 185 miners in the mine at the time of the explosion, and they are all known to be dead, as no one could withstand the gases that have filled the whole mine. A very heart touching and pathetic scene is taking place at the mouth of the tunnel where the mothers, sisters, and friends of the entombed miners have gathered.

Mrs. A. Hollenbeck Passes Away

The citizens of Wrangell were shocked Tuesday afternoon to hear of the death of Mrs. A. Hollenbeck, who passed away at 4 P. M. Mrs. Hollenbeck has been sick for the past three months but hopes were held for her recovery until the last, when she quietly passed from this life at the family residence in the northern end of town. The deceased leaves a husband, a daughter Hazel, a sister Mrs. F. E. Smith, residing in Wrangell, a niece Mrs. Mike Wadding of Loring, Alaska, and a mother living in southern Oregon. The deceased was 45 years of age and came to Wrangell with her husband and daughter several years ago, her memory will linger long in the minds of every one who had the pleasure of her acquaintance. The death of Mrs. Hollenbeck was a sad event; just entering the prime of life when life was yet full of its many charms and with daughter just entering womanhood, to be called to enter the great beyond is sad and the bereaved family have the heartfelt sympathy of the entire community. The funeral was held at 2:30 this afternoon at the Presbyterian Church and her body was laid to rest in the local Red Men's Cemetery.

Washington, Apr. 30—The House Canal toll repeal bill has been reported to the Senate.

Working On Stikine Trail

The Wrangell Chamber of Commerce held a special meeting at the Council Chamber last Monday evening. There was a fairly good attendance and the Dry Straits was the main topic of the meeting. The Committee who were appointed to attend to this matter made a very complete report of what was needed in the way of getting the canal. A resolution was drawn up and passed asking Delegate Wickersham to do all in his power to bring this matter before the proper authorities in an effort to get the Government interested in the project. After a lengthy discussion on the matter it was ordered printed, and will be in the next issue of the Sentinel. The report of the Stikine Trail was the next, and Mr. Matheson stated that the work of building the trail had started and believed that the appropriation of \$4000 would be sufficient to build the trail to Little Andrew. A letter from the Attorney General, Chas. Davidson, pertaining to the Townsite Survey was read. The Chamber will meet again within the next two weeks, and every man who has the interest of Wrangell at heart should attend.

Stikine River Is Open

Work was started this morning on the river boat of Wm. Strong's, the Winifred, pertaining to getting her into commission for a trip up the river within the next week. Mr. Strong received a wire from W. Hyland at Telegraph Creek yesterday in which he stated that it would be impossible for Eddie Kalkins to get to Wrangell in time to make the first trip on her as he was detained inside, he also stated that the river has been clear at Telegraph for the past three days. They expect to have the boat in shape to leave in about five days and A. J. Kalkins will take her up in place of Eddie.

Mill Tug Has A Hard Trip

The mill tug Alaska arrived in last Tuesday from a trip after logs and they tell a strenuous story of having been sunk. It seems the Alaska with her tow of logs ran into a cove on Blaske Island in Clarence Straits to get out of the wind but later the wind came into the anchorage and blew the tug ashore before she could get away, and when the tide came in she filled with water as she was laying on her side. On the next tide though, a tackle was placed on her mast and she was raised with the tide after which she came into Wrangell little the worse for her ducking. She left again Wednesday with the Garnet in tow with 31,000 salmon boxes for Funter Bay.

Finds New Race

Rio de Janeiro, Apr. 30—Advices received here from the Roosevelt Exploring party that he has discovered a new tribe of savages at Denoticeas.

Ordered To The Border

Washington, Apr. 30—The machine platoon of the First Cavalry has been ordered to Calexico on the border between California and Mexico.

Wrangell is seldom thought of as a garden spot, but just the same most anything you want and the best of it can be raised right here. To prove fact A. Varret brought to this office this morning four of as nice big stalks of rhubarb as you'll find and he says they are the second picking at that. The Editor is going to have some swell pie on Alec at dinner tomorrow. On top of all this Mr. Varet states he has a nice patch of strawberries in blossom, and is experimenting for the best results.

The house scow of the Columbia and Northern got loose last Monday and piled up on the rocks in the inner bay. She was taken off at the next high tide little the worse for the experience.

J. G. Grant has placed two new signs over the entrance to the Wrangell Hotel and the Bar room. Both signs are right up to date and lighted with electric lights and goes hand in hand with the many other improvements that J. G. has made to his popular Hotel.

Several of the friends of Mr. George LaBounty met at his home last Monday evening and spent a very enjoyable evening. The event was George's birthday and the evening was spent in playing Hearts and music after which a bounteous luncheon was served by the host and hostess.

Capt. McGregor who has been the Captain on the J. B. Stetson since she was placed on the Alaska run, stated while in port last Saturday that the present trip would be his last with the Portland Co., having accepted the position as the captain on the Alki of the Northland S. S. Co. He will bring the Alki north on the next trip.

Chas. Follansbee, the popular tonsorial artist, is right there when it comes to being up-to-date. On one of the last boats from the south he received a supply of the famous Harris Shampoo and all the appliances to go with a good shampoo. Anyway it's Harris' which means there is none better, and when it is applied by a fellow who knows how it can't be beat. Call around and try it yourself. And after you get through ask him to try that new vibrator, and if you don't leave the place feeling like a prince we miss our guess.

The J. B. Stetson, Capt. McGregor, of the Portland Steamship Line made port from the south last Saturday. The Stetson had a good cargo this trip having called in at Hidden Inlet, Roe Point, Mouri Sound, Chombley, Yes Bay Burnett Inlet, and Lake Bay after she left Ketchikan and averaged about 60 tons of freight at each of these stops. This is the beginning of a busy season for the new line as many of the cannery companies operating in this part of Alaska have their headquarters in Portland and many of them have signed contracts with the new line to carry their freight.

Notice To Fur Shippers

Redwood, N. Y., April 1, 1914.

Dear Sir:

Owing to the increase in the
number of our raw fur shipments,
received from Alaska and Yukon
Territory during the late spring
and summer months, it becomes
necessary for us to issue a circular
for the benefit of these shippers,
after we have discontinued our
regular price-lists for the active
raw fur season.

We have, therefore, compiled
this circular for the convenience of
our friends in the far north, and
trust it will be much appreciated.

As we are in touch with all the
raw fur markets of this country and
Europe, we are always prepared to
pay the extreme prices of the
market for all fine northern furs,
and strongly urge anyone not yet
acquainted with us, to make a trial
shipment, as we are confident we
can please you.

We assure our old shippers the
same liberal treatment as in the
past, and expect to hear from one
and all this season, as usual.

All shipments should be sent us
by parcel post whenever possible,
even if shipment is divided into
several parcels of twenty pounds
each, this being the limit for any
one package.
